

Sustainable Public Procurement-fiche: advanced

1) Subject matter

Mobile phones produced with environmentally friendly materials and processes and with an environmentally friendly in the use and waste phase.

“For <.....> (name of the public authority), the care for the environment and social aspects is important. It is stated in her <strategic policies>, <mission>, <vision>, <procurement policy>, ...”

2) Exclusion criteria

Non compliance with environmental and social legislation, which has been the subject of a final judgment or a decision having equivalent effect, may be considered an offence concerning the professional conduct of the economic operator concerned or grave misconduct, permitting to exclude the party concerned from competing for the contract

Ref:

Art. 53 and 54 of Directive 2004/17/EC and Art. 45 of Directive 2004/18/EC

3) Technical capacity (not exclusive)

/

4) Technical specifications

a) Recycling of the product

- The products are designed that they can be easily dismantled for recycling purposes in order to separate and, if possible, recycle case plastics and accumulators as fractions of materials of other functional units. The products are so designed that dismantling by a specialized firm is supported by an intelligently arranged connection design or can be done by use of common tools.
- Plastic case parts (exceeding 10 grams) are marked according to ISO 11469. Other case materials are named.

b) Material requirements

- Chlorinated or brominated polymers and additions of chlororganic or bromoorganic compounds - as flame retardants - are not used.
- Lead and cadmium as well as their compounds are not added to the plastics and coatings used.
- The printed circuit board doesn't contain any polybrominated biphenyls (PBB), polybrominated diphenyl ethers (PBDE) or chlorinated paraffins.
- Cadmium, mercury as well as beryllium and their compounds are not used in electronic components.

c) Battery

- Batteries and accumulators don't contain lead, cadmium or mercury.

d) Other

- The supply includes an external earpiece and a speaker (so-called headset).

Evidence:

The compliance with all the criteria mentioned above can be proved with the following label:

Blaue Engel

In case that the tendering company can present this label, any further proof is not necessary. Any other suitable evidence from a recognized body can also be used.

5) Awarding the contract:

	<i>Criterion</i>	<i>Weight</i>
1	<i>Price</i> <i>Calculation (e.g.):</i> Lowest offered price/ stated price x 0,70	e.g. 70%
2	<i>Environmental criteria</i> (The public authority formulates the points it wants to assign to the below mentioned criteria) <i>Calculation (e.g.):</i> Total scored points / maximum number of points x 0,20	e.g. 20%
3	...	e.g. 5 %
4	...	e.g.

Environmental criteria

6) Performance clauses:

Packaging

- The plastics used for product packaging doesn't contain any halogen-containing polymers.
